Sir:

In response to the corrected petition decision mailed September 7, 2005, Applicant respectfully files this request for reconsideration in order that the name of the Assignee associated with U.S. Patent No. 6,790,353 be corrected due to an error which occurred during payment of the issue fee. The application which matured into U.S. Patent No. 6,790,353 was

STLD01-1185826-1

Application of: Thomas V. Connelly, Jr.
Patent No.: 6,790,353
Request for Reconsideration

duly assigned to Stellar Manufacturing Company located at 1647 Sauget Business Boulevard, Sauget, Illinois 62206 prior to issuance of the above-referenced patent on September 14, 2004. A photocopy of this Assignment document which was duly recorded on August 29, 2002 at Reel/Frame 013037/0105 is attached hereto along with the Notice of Recordation of the Assignment Document. Applicant's attorney, when paying the issue fee and forwarding the issue fee transmittal form inadvertently identified the wrong assignee (Solutia, Inc.) on the fee transmittal form. Applicant's attorney's failure to include the correct assignee (Stellar Manufacturing Company) at that time on the PTOL-85B form was inadvertent.

Applicant's attorney therefore respectfully requests that 37 CFR 3.81(a) be waived so as to permit the correct name of the assignee to be provided. Applicant's attorney is therefore respectfully requesting that the assignee, Stellar Manufacturing Company, be identified in a Certificate of Correction under 37 CFR 1.323 to correct the assignee.

Applicant's attorney is enclosing herewith a Certificate of Correction correcting the assignee from Solutia, Inc. to Stellar Manufacturing Company. The appropriate fee set forth in Section 1.20(a) as well as the processing fee set forth in §1.17(i) have previously been submitted.

Applicant's attorney is also requesting that the file for the above-referenced patent be forwarded to the Certificate of Correction Branch for issuance of the enclosed Certificate of Correction, if this Petition is granted.

Request for Reconsideration

Respectfully submitted,

Attorney Docket No. 717281.7

:

CORRECTED DECISION
:
UNDER 37 CFR 3.81(b)
:
:

This is a corrected decision on the petition under 37 CFR 1.183, filed April 1, 2005, which is being treated under 37 CFR 3.81(b)¹ to correct of the assignee on the front page of the above-identified patent. The decision mailed on August 31, 2005 is hereby vacated.

The petition is dismissed.

Petitioner requests issuance of a certificate of correction in the name of "Stellar Technology Company, Sauget, IL." 37 CFR 3.81(a) permits the patent to issue to the assignee, provided that, at the time the issue fee is paid, the name of an assignee is provided. 37 CFR 3.81(b) permits the patent to issue in the name of an assignee if the assignment was submitted after payment of the issue fee but *prior to issuance of a patent*. The U.S. Patent and Trademark Office assignment records disclose that an assignment from Stellar Manufacturing Company to Stellar Technology Company was recorded on December 16, 2004, after the date of issuance of this patent. Accordingly, since the assignment was not submitted for recordation until after issuance of this patent, issuance of a certificate of correction would not be proper. Note also MPEP Section 307.

However, it would be appropriate to grant the instant petition to reflect the assignee data as Stellar Manufacturing Company, Sauget, IL on the front page of the Letters Patent.

Accordingly, if petitioner desires to have the assignee data corrected on the front page of the Letters Patent, petitioner should submit a request for reconsideration under 37 CFR 3.81(b), along with a request for a Certificate of Correction and PTO Form 1050.
